SUMMARY

Cybersecurity undergraduate with experience in penetration testing and vulnerability assessment. Knowledge of web, network, and cloud security with interest in AI-based security solutions.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering (Cyber Security) 2023 – 2027
KSR Institute for Engineering and Technology

Higher Secondary Certificate (HSC) 2022 – 2023
Sree Vetri Vikas Matric Higher Secondary School
Percentage: 86%

Secondary School Leaving Certificate (SSLC) 2020 – 2021
Sree Vetri Vikas Matric Higher Secondary School
Status: Passed

PROJECTS

CopConnect – Tamil Nadu Police Virtual Assistant

- Developed a multilingual virtual assistant to improve communication between citizens and law enforcement.
- Enabled 24/7 access to police services, emergency guidance, and public safety information.
- Improved response efficiency through automated query handling.

Heritage and Location Explorer of Tamil Nadu (Roots & Routes)

- Developed a location-based web application to explore cultural heritage, historical sites, and tourist locations of Tamil Nadu.
- Integrated interactive maps and structured location data for discovering temples, monuments, and heritage landmarks.
- Implemented search, filtering, and a user-friendly interface to promote cultural awareness and tourism.

INTERNSHIP

Pargavan Cyber Solution July 2025

- Performed penetration testing and vulnerability assessment using standard security methodologies.
- Solved Capture The Flag (CTF) challenges to strengthen exploitation and reconnaissance skills.
- Gained hands-on experience in OSINT, web application security, and cloud security.

United Soft Tech June 2024

- Completed training on AI-powered Machine Learning and Deep Learning techniques.
- Learned supervised and unsupervised learning concepts and data-driven decision making.
- Explored AI applications in cybersecurity automation and threat detection.

CERTIFICATIONS

- Thoothukudi District Police – Hackathon 2025
- AI Powered Machine Learning and Deep Learning Techniques
- Web Application Testing

ACHIEVEMENTS

- Completed NPTEL course *Introduction to Industry 4.0 and Industrial Internet of Things* with 79%, earning Elite + Silver certification.

TECHNICAL SKILLS

Programming Languages: Python, Java

Cybersecurity Tools: Burp Suite, Wireshark, Nmap

Operating Systems: Kali Linux, Ubuntu

Version Control: Git
